

BRICKLAYERS AND ALLIED CRAFTWORKERS LOCAL 1 OF MD, VA & DC

PRESIDENT'S MESSAGE

Hello Brothers and Sisters,

Our goal is to grow the Local Union, and the best way is by making alliances with our fellow workers in the trades. Engaging non-union workers on job sites is essential for fostering solidarity and advocating for collective rights. Union members can offer invaluable insights into the benefits of unionization, such as better wages, improved working conditions, and access to comprehensive benefits. By sharing their experiences and successes, they inspire non-union workers to consider organizing and joining the movement. Building bridges between union and non-union workers cultivates a sense of unity and amplifies the collective voice against exploitation and unfair practices. Together, they can affect meaningful change, ensuring dignity and respect for all workers while advancing the principles of solidarity and social justice.
